Depron 3D Fish
 Copyright © 2005 Ron Marston
 rev 8/13/05

Span: 38"
 Length: 30 3/4"
 Typical weight: 9 oz rtf

Material: 3mm Depron foam (white for wing and horizontal stab, grey for fuselage and vertical tail)
 3mm x 1mm carbon strip used on wing (leading edge and across aileron edge),
 "backbone" of fuselage, horizontal stab, and vertical stab

Cut 2 fuselage pieces to create an inverted "V" shape for the body, joined together at the top, and
 spread open about 3 1/4" at the bottom
